Martin Universal Design's Warranty

Martin Universal Design, Inc. (MUD) warrants its products to be free of defects—meaning any imperfections that affect the product’s functionality under normal use and service conditions—for residential or commercial use, as described herein. Beginning on the date of purchase, this warranty covers the item for a period of five (5) years with residential use, ninety (90) days with commercial use, or thirty (30) days after a close-out sale or utilized in an institutional setting. In the event of a defect covered by warranty, MUD will replace any defective part as required, free of charge and supply the information on how to install the item’s new part. In the extreme case where a replacement part cannot solve the defect, MUD may replace the entire warranted product.

This warranty does not extend to products that have been discontinued, or used beyond recommended guidelines. All products and parts must be used in accordance with the applicable installation and maintenance instructions. Attempting to use or modify a product for any function other than its intended purpose as described by MUD, including exceeding the specified weight limit, is considered misuse or abuse.

This warranty is limited to merchandise purchased in the United States. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state
